Overall Learner Objective:

The overall learner objective for this series is to improve the care of patients with intellectual and developmental disabilities (IDD).

Learner Objectives for this Session:

- Describe general strategies that may help to manage aggressive behavior for hospital patients receiving medical care.
- Identify ways that embedded behavioral supports may have financial benefits.
- Describe the patient care and staff safety benefits of embedded behavioral supports within a hospital system.

Accreditation/Designation/Disclosure:

 In support of improving patient care, The Cooper Health System is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

 This activity was planned by and for the healthcare team, and learners will receive **2.0 Interprofessional Continuing Education (IPCE) credits** for learning and change.

The Cooper Health System designates this live activity for a maximum of **2.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity. All faculty, planners, and others participating in continuing education activities sponsored by The Cooper Health System are expected to disclose all financial relationships.
